# INTRODUCTION

## General Manager's Welcome Message

*We have great pleasure to introduce ourselves as one of the major contracting and maintenance companies in the field of Air conditioning. We started year **1991** in this field (for seven years as **AL FUTAI SI GROUP/AL AIN BRANCH** and thereafter as **BLUE LINE EST.**) and we have earned a very good reputation for quality, workmanship and timely completion of projects undertaken. The company is fully owned by a UAE national, **Mr. MOHAMMED ALI SALMEN BIN HARMAL AL DHAHERI**. We are a team of Engineers and technicians who are well qualified and experienced.*

*In the past, we have undertaken numbers of projects in Al Ain, Abu Dhabi and Buraimi. We have a well-established duct fabrication work shop in **Mezyad** and **Mussafah** is manned by a team of qualified and experienced duct men. We also have our branch in Abu Dhabi, located in Old Jawazat Road.*

*We assure our best and prompt services at all times and look forward to have further business co-operation between us.*

*Sincerely yours,  
For Blue Line Establishment*

**Eng. Mohammed Al Shammari**  
General Manager

## About Us:

### Blue Line Establishment

Blue Line Est. is one of the leading companies in UAE in the field of air conditioning started on 1991. Later on, we became MEP Contractor (we offer HVAC, Electrical, Fire Protection and Plumbing works. We offer Interior Design works also as we have our Sister company which can accommodate the works). We have the capability to design and execute various types of projects and build turn key projects.

We are operating throughout UAE; we have our main office in Al Ain and have branches in Abu Dhabi and Dubai. The company is owned by Mr. Mohammed Ali Salmen Binharmal Aldhaheri, UAE national and managed by a team of professionals.

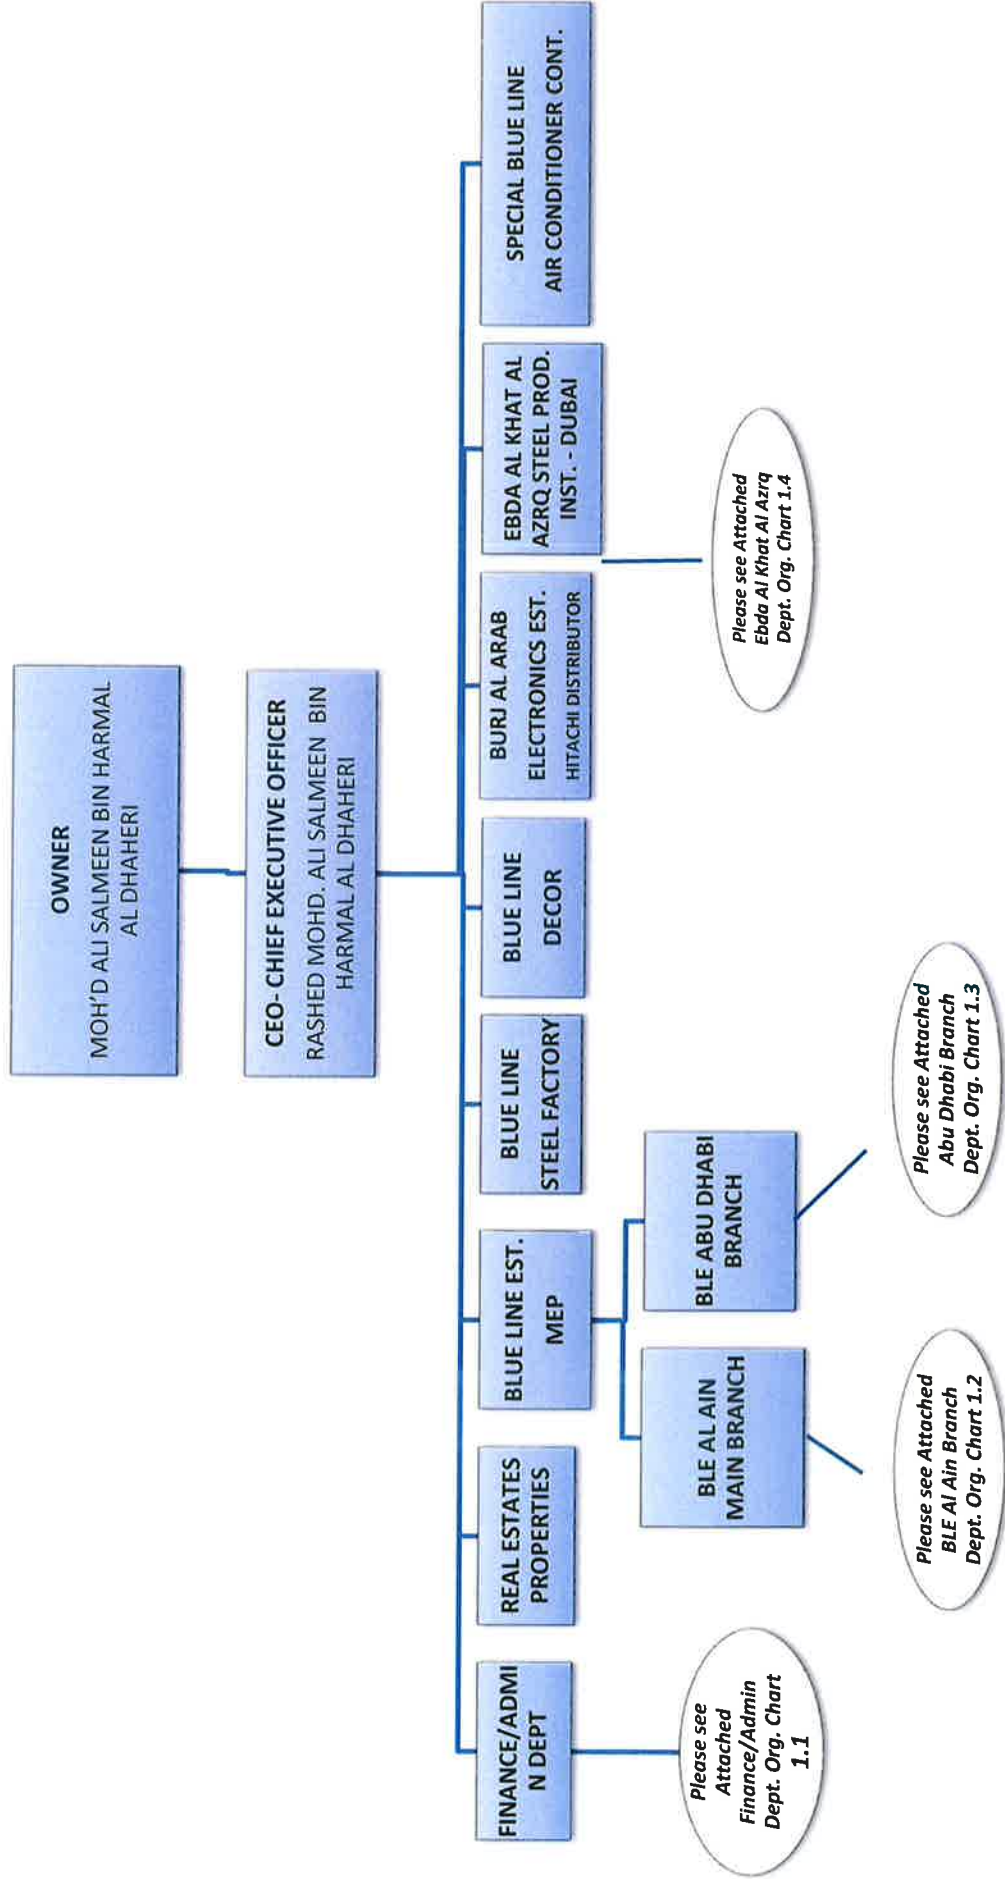

For our Air-conditioning system, we deal with Carrier, Mitsubishi and O-General, MDV, Cooline, Hitachi air conditioning units of all types such as Decorate split, Ducted Split, Package units and Chilled water system including their design, erection and maintenance

In the past, we have undertaken residential and commercial projects including Customs building, Schools, Mosques in Al Ain, Abu Dhabi and Dubai.

The logo for O-GENERAL, featuring a red stylized 'O' with a white dot inside, followed by the word 'GENERAL' in bold red capital letters.The Carrier logo, consisting of the word 'Carrier' in a white serif font inside a dark blue oval, with a smaller blue oval below it containing the text 'Carrier Technologies'.The Mitsubishi Electric logo, featuring a red three-pointed star symbol to the left of the words 'MITSUBISHI' and 'ELECTRIC' in bold black capital letters.The MDV logo, featuring the letters 'MDV' in a bold, blue, italicized sans-serif font with a registered trademark symbol.The Cooline logo, featuring the word 'Cooline' in a blue sans-serif font with a red 'C' and a yellow dashed underline.The Hitachi logo, featuring the word 'HITACHI' in white bold capital letters on a red rectangular background.The Hitachi Cooling & Heating logo, featuring the text 'Cooling & Heating' in white sans-serif font on a red rectangular background.

**Subject : Pre-qualification of Sub-contractor for HVAC Works**

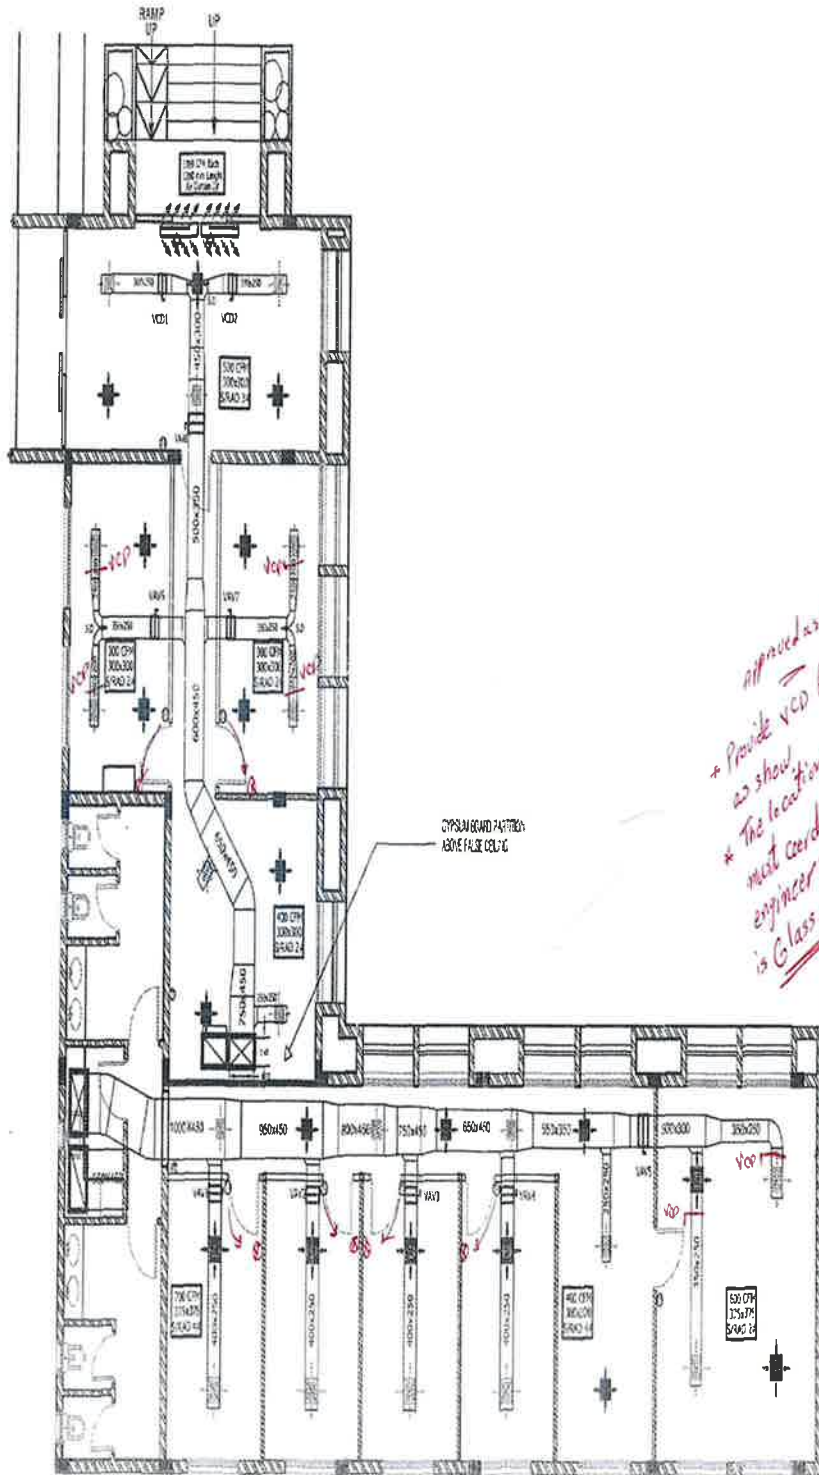

Dear Sir,

With reference to the above subject and further to your submittal form ref. no. RAMA/SECB/0119/05 dated 24 July 2016 regarding HVAC Works, further to our review, we have no objection to approve the proposed sub-contractor M/s Blue Line Est. for HVAC based on the following:

- 1) Execution time schedule & quality assurance procedure for all of the activities on site from the time of mobilization till the end of handing over and demobilization from the site. This should be included but not limited to providing material submittals, builder works drawings, shop drawings, delivery period for all equipment and materials to the site, commissioning procedures, etc.
- 2) Commitment to Tender Documents and Local Authorities requirements strictly required.
- 3) All staff and manpower to be utilized for executing the works at site should be under its sponsorship. A copy of the official documents proving the same has to be provided for engineer's verifications and records. Number of manpower should cope with the works requirements.
- 4) Supply, erecting, testing, commissioning and handing over of the items under the scope of works should be carried out in accordance with the project specification, drawings conditions.
- 5) Certificate of origin for the supplied materials and equipment has to be provided to the project engineer upon delivery of the goods to the site.
- 6) HSE requirements shall be taken into consideration during executing the works.
- 7) Coordination shall be with other trades but not limited to electric works construction.
- 8) Warranty certificates as requested in the projects documents have to be presented to the Engineer for all installed equipment for the date of handing over of the project.

Corrections or comments made relative to substantial during this review do not relieve the contractor from compliance with the requirements of the drawings and specifications. This check is only for review of general conformance with the design concept of the project and general compliance with the information given in the contract documents. The contractor is responsible for confirming and correlating all quantities and dimensions selecting fabrication processes and techniques of construction.

**Comments on**  
**Ref No. PRE-MEP-012 Rev. (0) Dated 15- April -2018**  
**Regarding Pre-Qualification of Blue Line Est. Air Conditioning for HVAC Sub-**  
**Contractor**

22<sup>th</sup> April 2018

Reference to the above submittal regarding proposed subcontractor Blue Line Est.  
We hereby No objection for Blue Line Est. as a sub-contractor for the aforementioned works subject to the following conditions:

1. Main contractor is fully responsible for any commission and omission of the subcontractor.
2. Works shall be carried out according to the contract specification, BOQ and drawings / to be pre-approved by the engineer prior to work commencement.
3. Works shall be designed, delivered and completed within the overall project planned time.
4. Material submittal, shop drawing and builder works drawings should be submitted to engineer at very early stage of the project for review and approval prior to work commencement. Shop drawing and builder works drawing should be prepared in full coordination with other related works in the project.
5. Check lists for execution of works, inspection activities during work execution and testing of equipment after work completion should be provided in advance along with time schedule coordinated with overall project schedule for review and reference.
6. Qualified project engineer as a team leader should be assigned and his prequalification documents should be submitted for review and approval prior to work commencement.
7. **Contractor shall submit the material including the following:**
  - Company profile.
  - Compliance statement shown the complying reference catalogue page number and highlighted the proposed material.
  - Original catalogue with highlighted proposed item.
  - Country of origin certificate as per the approved vendor list.
  - Copy of material specifications.
  - Sample.
  - Warranty certificate as per specification and contract.
  - Consumable spare parts list for two years.
  - List of proposed materials.
  - Technical data sheet for proposed material.
  - Factory test certificate showing which standards are follow during tests.
  - ISO certificates.
  - Previous projects.
  - Previous approvals.
